2021

Introducing the 2021 Valentine's Day, Early Spring and Everyday Design Resource Guide

VALENTINE'S DAY IS A SPECIAL TIME OF YEAR when love and romance is everywhere, and people are showing affection for the ones they love. Our expanded Valentine's Day, Early Spring and Everyday collections are designed to make everyone smile, especially those we love and the friends we cherish.

Drawing inspiration from our talented BloomNet® florists and Local Artisan members, our product development team has crafted fresh innovative recipes and unique floral designs to create a truly extraordinary collection for Valentine's Day and beyond!

VALENTINE'S DAY!

We are delighted to introduce our exclusive *Pink Spiral Tapered Vase*, newly designed and featured with ***Sweetheart Medley***™, a sensational and utterly romantic design for Valentine's Day!

We are also launching our exclusive *Violet Fluted Gathering Vase*, featured with ***Enchanted Medley***™ ***Bouquet, Daydream Bouquet***™, ***Garden Inspiration***™ ***Bouquet***, and ***Sweet Affection***™ ***Bouquet.*** The color and versatility of this vase is wonderful!

Our exclusive *Brilliant Diamond Cut Vase* is back by popular demand, featuring our top seller ***Key to My Heart***® as well as a stunning new introduction: ***Radiant Rhapsody***™ ***Bouquet.*** Both designs are truly unique and sensational gift items for Valentine's Day!

We are introducing an assortment of non-codified designs into our Valentine's Day line to include ***Pastel Passion***™ ***Bouquet***, ***Darling I Do***™ ***Bouquet***, and ***All My Love***™ ***Bouquet***. Each with an affectionate color and all designed with relaxed loosely gathered styling that has become so popular.

SPRING AND EVERYDAY

Additional introductions in our most popular *Rustic Cube* include ***Dream Come True***™ ***Bouquet*** for Valentine's Day, ***Spring Sentiment***™ ***Bouquet*** for early spring, and ***Chic Garden***™ ***Bouquet*** for every day.

A delightfully cheerful spring introduction, our *Sending Smiles*™ *Container* will feature two arrangements, ***Make Me Smile***™ ***Bouquet***, a bright yellow floral design, and ***Good Day***™ ***Bouquet***, a bright floral mix, each designed to fill their heart with joy and happiness!

Today, more than ever, we need to be reminded of the special people we care about and admire. Inspired by this expression, we have designed an exclusive oval-shaped plaque with the sentiment *"You Make Me Smile."* Surrounded by a border of colorful flowers, this cherished keepsake will forever remind the people you love just how much you care.

Our exclusive 8 oz. *Simply Chocolate*® box of assorted chocolates celebrates the best of Belgian chocolate craftmanship, featuring milk chocolates, dark chocolates, and white chocolates with irresistible fillings like milk chocolate coconut meltaway, dark chocolate coffee caramel, and white chocolate filled with passionfruit cream. The assortment has a nine-month shelf life and arrives in a sleek gold gift box with a 20-piece flavor legend for perfect selections. Share your love of chocolate with an impressive gift for birthdays, anniversaries, holidays, and special occasions. A *Simply Chocolate*® exclusive filled with decadent chocolate makes every day a sweet occasion to remember!

We hope you're as excited as we are about the exceptional additions to our line! Your support and dedication inspire us to create compelling, truly original gifts to help your customers express themselves perfectly, maximize your profit potential, and increase traffic to your stores.

We thank you for your partnership and your dedication to helping us deliver smiles. Let's partner in making it a successful and profitable Valentine's Day and Early Spring 2021 season together!

"Love is the flower you've got to let grow."
(John Lennon)

Order Early and Stock Up on Featured Floral & Add-Ons!
Don't forget to include these:
- Delphinium
- Sunflowers
- Balloons
- Chocolates
- Plush Bears

Invest for Success!
Plan for additional delivery drivers and additional staff members to handle increased order volume.
Make sure all of your computers and delivery vehicles are in proper working condition prior to the holiday.
A portable water station is also a great way for several designers to fill arrangements and bouquets at once.

Optimize Staff Communication!
Schedule a shop staff meeting so everyone is on the same page about peak procedures, product assortment, and best practices.

Be Organized!
To maximize productivity, set up a functional assembly line so that designers have all resources easily accessible to them. Stage deliveries early.

GET A HEAD START! MANY ARRANGEMENTS CAN BE PREPARED IN ADVANCE.

Build!
- Baskets can be pre-prepared with oasis and liner.
- Pre-pick bows and ribbon loops as part of the prepping process.

Green!
- Green vases and add flower food for high-volume products such as *Fields of Europe*™ *Romance*.

Hydrate!
- For any vases you green in advance, check daily to see if water needs to be added.
- Soak floral foam properly to avoid air pockets.

Accessorize!
- Accessories may be added to arrangements early to save valuable time during peak. If high-volume items have accessories, arrange them by each vase.
- Accessories such as bows can be inserted into baskets ahead of time.

Handle floral with care!
- Leave some foliage on the roses when cleaning the stems to aide in the longevity of rose life.
- Remember to clean excess foliage from the stems that fall below the water line to prevent bacteria growth.

Keep us in the loop!
- Submit Inventory Updates (Bloomlink > Utilities > Forms) to let us know what you have in stock.
- Submit Real Time Delivery Notifications before 7 p.m. on date of delivery. (Earn $1.00 credit for each one received on time.)

1-800-FLOWERS.COM® | SUBSTITUTION

By working together to Deliver Smiles, we can help meet our customers' expectations and bring more orders into your Shop!

1-800-FLOWERS.COM® provides its customers with a 100% Smile Guarantee. In order to consistently meet and exceed customer expectations, our Florists Relations Team closely monitors the fulfillment of 1-800-FLOWERS.COM orders to ensure that **1-800-FLOWERS.COM Quality and Performance Standards** are being consistently maintained. (See the BloomLink® Utilities Tab, **"1-800-FLOWERS® Quality Performance Standards"** for complete details.)

Today's online consumers expect that their recipient will receive a gift that resembles the product that they ordered as advertised. To meet this expectation, BloomNet® Florists fulfilling 1-800-FLOWERS.COM® orders are required to maintain adequate inventory of the floral varieties and containers for our featured arrangements, as detailed in the **1-800-FLOWERS.COM Design Resource Guide ("DRG")**.

If you do not have a recipe component needed to fulfill an order for a 1-800-FLOWERS.COM® product, as specified in the DRG, you have two choices: (1) Substitute the required items following the guidelines set forth in this document; or (2) Timely Reject the order.

Should you decide to proceed with a Substitution, please ensure that the components are as similar as possible and always of equal value, and keep in mind that Substitutions may result in a Customer Service Issue (CSI) if the customer is not satisfied with the resemblance of the delivered product with the product that was ordered. If you do not have the appropriate item to make a Substitution, you may choose to Reject the order instead. In either case, please remember that both Customer Service Issues (CSI's) and Rejects are closely monitored as part of our 1-800-FLOWERS.COM Quality Assurance Program.

Please take a moment to review the **1-800-FLOWERS.COM Substitution Guidance** below and the suggested substitutions provided on individual recipes throughout the 1-800-FLOWERS.COM Design Resource Guide ("DRG"). *PLEASE NOTE, an electronic version of the most recent **1-800-FLOWERS.COM Design Resource Guide** is located under the Utilities Tab on BloomLink®.*

- Maintain overall shape, size, and style of the arrangement.
- Maintain shades and color combinations of the arrangement.
- Utilize similar type flowers (e.g., spike for spike, round for round). Substitutions should be of equal value. Prioritize variety over color in single variety arrangements.
- Use containers listed in the Design Resource Guide, paying particular attention to style and color.
- Never substitute Codified Products, unless you've received the express consent of 1-800-FLOWERS.COM®.

To support the successful fulfillment of 1-800-FLOWERS.COM® orders, please make sure to communicate to us any Substitutions made on an order by sending an **INFO message** with the details of the Substitution, and then immediately proceed with the delivery of the order. It is not necessary to send an Inquiry message and/or await a response regarding your Substitution prior to proceeding to deliver the order.

The details from your **INFO message** will assist the 1-800-FLOWERS.COM® Customer Service Team in responding to any customer inquiries and hopefully avoid a Customer Service Issue (CSI).

Should you decide not to or are unable to make a Substitution on the order, please **Reject** the order in a timely basis and in accordance with **BloomNet's Timely Reply Program**. (See the BloomLink® Utilities Tab, **"BloomNet Timely Reply Program"** for complete details.)

As a helpful reminder, if your Shop is out of stock or unable to secure inventory for the floral varieties and containers needed to fulfill 1-800-FLOWERS.COM orders according to DRG recipes, you can opt to temporarily suspend your Shop from receiving 1-800-FLOWERS.COM orders until you are able to re-stock the necessary components to fulfill 1-800-FLOWERS.COM® orders. (See the BloomLink® Utilities Tab for instructions on **HOW-TO Self-Suspend BloomLink®**.)

QTY	Unit	Floral Description	Suggested Substitution
7	Stem	Cushion Pom White	
6	Stem	Mini Carnation Light Pink	Mini Carnation Hot Pink

1	Each	Unicorn Kit: 1 Horn, 1 Set Ears—Codified PC #156130	
2	Each	Chenille Stem, Black	
2	Each	Cold Glue	

DESIGN TIP: Lavender carnations are styled down the back of the cake to form the mane. Use button poms to fill in the top of the cake.

HOW TO CREATE EYELASHES:

1. At a third in from the left of the black chenille stem, bend right two-thirds up at a 90˚ angle.
2. Slightly bend the one third left section into an upside down "U" shape to form the shape of the eye.
3. To create the eyelashes, take the right section of the chenille stem and fold down (double up) onto the eye shape, and twist around left side eye shape while leaving about a ½ inch space in between, bend the remaining stem to form two more lashes in the same way.
4. There should be approximately 2 inches of the chenille stem left over to point the chenille stem back to be used to insert into the foam cake.

Cut excess off picks so they're flush with the exterior of the design bowl.

STEP 4

Build the egg with floral around in shape of the egg. We suggest starting at the bottom of the bowl. Insert the laterals of the same floral variety in rings around the foam to build the egg-shape.

QUALITY AND PERFORMANCE STANDARDS

1-800-Flowers.com® maintains strict quality and performance standards in order to consistently exceed customer expectations.

In order to receive orders from 1-800-Flowers.com®, it is critical that you familiarize yourself with the key performance metrics below. BloomNet® Members can find their individual Monthly Performance Reports under the "Utilities" tab on BloomLink®. Please familiarize yourself with this useful tool and review your performance metrics against the goals stated in that report on a monthly basis.

Below is a list of the key quality and performance metrics that 1-800-Flowers.com® monitors for every fulfilling florist, along with helpful tips for keeping these metrics in-line with expectations:

Number of orders with a reported **Customer Service Inquiry (CSI)—less than 1.5%**

There are three specific categories of CSIs monitored:

1) *Delivery Issues*, which occur when a customer states that their delivery was not received or was not received on time;

2) *Wrong Deliveries*, which occur when a customer states that they received the wrong gift, that their gift is missing one or more components, or that their gift does not resemble what they ordered; and

3) *Quality Issues*, which occur when a customer states that the quality (freshness, durability, and/or appearance) of the gift did not meet their expectations.

Real-Time Delivery Confirmations and Delivery Attempt Notifications

Today's consumer expects real-time visibility into the status of their order. It is no longer enough to submit Delivery Notifications at the end of a driver's trip because consumers expect to know about their delivery as soon as it is completed or attempted. When you provide us with accurate and timely Delivery Confirmations (DLCs) and/or Delivery Attempt Notifications (DLAs) immediately following the delivery of an order, we are better able to inform a customer about the status of their order. This helps us better manage customer expectations and provide a superior, well-informed level of customer service. As a result, the electronic submission of a delivery notification in real-time often results in reduced CSIs.

Visit the Utilities Section on Bloomlink to learn more about the various tools available to your shop to support the submission of Delivery Notifications in real-time.

In the rare event that a Delivery Notification cannot be submitted in real-time, the following thresholds must be adhered to:

1) 100% of Residential deliveries without a specified Delivery Time Window must be electronically confirmed no later than 7:00 pm on the date of delivery.

2) 100% of Business and Non-Residential deliveries without a specified Delivery Time Window must be electronically confirmed no later than 5:00 pm on the date of delivery.

3) 100% of all deliveries with a specified Delivery Time Window must be delivered within the start and end time of the specified Delivery Time Window and electronically confirmed no later than 1 hour after the end of the specified Delivery Time Window on the date of delivery.

4) 100% of Funeral Service deliveries must be electronically confirmed no later than 1 hour after the time of service.

It is also important that you do not submit Delivery Notifications prior to completing or attempting to complete a delivery. Delivery notifications trigger an immediate communication from 1-800-Flowers.com to the customer. Therefore, if you submit a false or premature Delivery Notification, you risk causing confusion for the customer and prompting them to call with a CSI. Note that the purposeful submission of a false or premature Delivery Notification can be grounds for immediate and permanent suspension from receiving 1-800-Flowers.com orders.

Number of **Rejected orders—less than 2%**

1-800-Flowers.com expects that fulfilling florists will have adequate stock of the floral and non-floral components required to fulfill its orders to recipe, and that florists service all zip codes in their delivery profile until each day's cutoff time (or up until the florist self-suspends for the day). At the same time, 1-800-Flowers.com recognizes that order rejections are sometimes unavoidable under extenuating circumstances. To help ensure that order rejections do not result in a CSI, if you must reject an order please make sure that you do so in a timely manner so that 1-800-Flowers.com is able to react and place the order with another fulfilling florist before it is too late, and hopefully prevent a CSI from happening and affecting your shop's performance results.

Number of **orders accepted without a Price Change—100%**

1-800-Flowers.com expects that fulfilling florists will fill every order to value, according to the product description, price and recipe without requiring a Price Change. 1-800-Flowers.com's minimum order is $24.99; however, average order value is between $64 and $68, and all prices include up to $8.00 for delivery.

To help prevent service issues, please be sure to keep 1-800-Flowers.com informed of any problems with the fulfillment of an order by sending INFO Messages on the order via your BloomLink system. Any and all information you provide on a specific order will allow us to better service the customer and should help reduce the amount of performance issues that are recorded against your shop.

If you have any questions regarding Quality and Performance standards, please do not hesitate to contact your Florist Relations Specialist at 1-866-256-6663.

Note: 1-800-Flowers.com Quality and Performance Standards are subject to change. Visit the Utilities Section on Bloomlink for the most up to date version of the 1-800-Flowers.com Quality and Performance Standards.
