HOLIDAY TIPS FOR SUCCESS

Order Early and Stock Up on Featured Floral!

Preorder ample amounts of pink floral. Don't forget to carry the items listed below:

- Delphinium
- Sunflowers
- Balloons
- Chocolates
- Plush Bears

Invest for Success!

Plan for additional delivery drivers and staff members to handle increased order volume. Make sure all of your computers and delivery vehicles are in proper working condition prior to holiday. A portable water station is also a great way for several designers to fill arrangements and bouquets at once.

Staff Communication!

Schedule a shop staff meeting so that everyone is on the same page about peak procedure and best practices.

Organize a Space!

To maximize productivity, set up a functional assembly line so that designers have all resources easily accessible to them.

GET A HEAD START! MANY ARRANGEMENTS CAN BE PREPARED IN ADVANCE.

Build!

- Baskets and containers can be pre-prepared with oasis and liner.

Green!

- Green vases and add flower food for high-volume products such as Fields of Europe® Romance.

Hydrate!

- For any vases you green in advance, check daily to see if water needs to be added.
- Soak floral foam properly to avoid air pockets.

Accessorize!

- Accessories may be added to arrangements early to save valuable time during peak. If high-volume items have accessories, arrange them by each vase.
- Accessories such as bows can be inserted into baskets ahead of time.

Handle Floral With Care!

- Leave some foliage on the roses when cleaning stems to aid in the longevity of rose life. Remember to clean excess foliage from the stems that fall below the water line to prevent bacteria growth.

Keep Us in the Loop!

- Submit Inventory Updates (Bloomlink > Utilities > Forms) to let us know what you have in stock.
- Submit Delivery Notifications in Real Time on date of delivery and capture proof of delivery photos.

“On trend” floral varieties are captured in our selections and our introductory collection of *Simply Spectacular™* Bouquets!

We have selected noteworthy floral varieties to create on-trend bouquets that radiate with charm and natural beauty...buoyant, elegant, and infinitely memorable.

Please peruse our catalog of varietal essentials renowned for their distinguished qualities and impressive presence in bouquets. Take note to add these exceptional varieties to your seasonal floral buys!

Veronica

Veronica is a tall wispy floral that is carefree and possesses a soft soothing texture with showy blossoms in rich blue, purple, pink, and white shades. A fascinating flower, it's no wonder hummingbirds and butterflies are frequent visitors.

Lisianthus

Lisianthus is a bell-shaped flower with flared petals that creates a soft and unique accent to any bouquet.

Blue Thistle

Blue Thistle are distinctive spiny snowflake-shaped blooms that meander through bouquets creating a lovely blue accent, adding charm to any bouquet or arrangement.

Mini Gerbera Daisies

Mini Gerbera Daisies are flawless blooms with almost limitless color availability. They are happy flowers that add a splash of color.

Safflower

Safflower is a bright thistle-like flower in the sunflower family. This branch flower offers plenty of laterals of green rosettes and bright sunny explosions of petals.

Leucadendron

Leucadendron is an enchanting tropical bloom that offers an exotic edge while creating texture and unique burgundy color with an ultra-long-lasting vase life.

Pink Hydrangea

Pink Hydrangeas are pom pom-shaped flowers with abundant clusters of blossoms that add appealing depth and texture to any arrangement. These charming, romantic blooms love water, so don't forget to regularly refresh their vase.

Craspedia

Craspedia is a fun, exuberant flower with charming, globe-shaped blossoms that are perfect for accenting arrangements with their warm yellow hue.

Calla Lilies

Calla Lilies are sleek, trumpet-shaped flowers with a delicate and timeless beauty. Their gently flared petals lend elegance to bouquets.

Podocarpus Greenery

Podocarpus Greenery is a wonderful decorative greenery with dark and shiny needle-like leaves.

Foxtail Greenery

Foxtail Greenery is fresh cut greenery that adds exciting texture to any arrangement.

Fever Few

Fever Few is a daisy-like flower that grows in cheerful and inviting clusters of petite blossoms. Their yellow centers and delicate white petals add rustic charm to arrangements.

By working together to Deliver Smiles, we can help meet our customers' expectations and bring more orders into your Shop!

1-800-FLOWERS.COM® provides its customers with a 100% Smile Guarantee. In order to consistently meet and exceed customer expectations, our Florists Relations Team closely monitors the fulfillment of 1-800-FLOWERS.COM orders to ensure that **1-800-FLOWERS.COM Quality and Performance Standards** are being consistently maintained. (See the BloomLink® Utilities Tab, "**1-800-FLOWERS Quality Performance Standards**" for complete details.)

Today's online consumers expect that their recipient will receive a gift that resembles the product that they ordered as advertised. To meet this expectation, BloomNet® Florists fulfilling 1-800-FLOWERS.COM orders are required to maintain adequate inventory of the floral varieties and containers for our featured arrangements, as detailed in the **1-800-FLOWERS.COM Design Resource Guide ("DRG")**.

If you do not have a recipe component needed to fulfill an order for a 1-800-FLOWERS.COM product, as specified in the DRG, you have two choices: (1) Substitute the required items following the guidelines set forth in this document; or (2) Timely Reject the order.

Should you decide to proceed with a Substitution, please ensure that the components are as similar as possible and always of equal value, and keep in mind that Substitutions may result in a Customer Service Issue (CSI) if the customer is not satisfied with the resemblance of the delivered product with the product that was ordered. If you do not have the appropriate item to make a Substitution, you may choose to Reject the order instead. In either case, please remember that both Customer Service Issues (CSI's) and Rejects are closely monitored as part of our 1-800-FLOWERS.COM Quality Assurance Program.

Please take a moment to review the **1-800-FLOWERS.COM Substitution Guidance** below and the suggested substitutions provided on individual recipes throughout the 1-800-FLOWERS.COM Design Resource Guide ("DRG"). *PLEASE NOTE, an electronic version of the most recent 1-800-FLOWERS.COM Design Resource Guide is located under the Utilities Tab on BloomLink.*

-  Maintain overall shape, size, and style of the arrangement.
-  Maintain shades and color combinations of the arrangement.
-  Utilize similar type flowers (e.g., spike for spike, round for round). Substitutions should be of equal value.
Prioritize variety over color in single variety arrangements.
-  Use containers listed in the Design Resource Guide, paying particular attention to style and color.
-  Never substitute Codified Products, unless you've received the express consent of 1-800-FLOWERS.COM.

To support the successful fulfillment of 1-800-FLOWERS.COM orders, please make sure to communicate to us any Substitutions made on an order by sending an **INFO message** with the details of the Substitution, and then immediately proceed with the delivery of the order. It is not necessary to send an Inquiry message and/or await a response regarding your Substitution prior to proceeding to deliver the order.

The details from your **INFO message** will assist the 1-800-FLOWERS.COM Customer Service Team in responding to any customer inquiries and hopefully avoid a Customer Service Issue (CSI).

Should you decide not to or are unable to make a Substitution on the order, please **Reject** the order in a timely basis and in accordance with the **BloomNet Timely Reply Program**. (See the BloomLink Utilities Tab "**BloomNet Timely Reply Program**" for complete details.)

As a helpful reminder, if your Shop is out of stock or unable to secure inventory for the floral varieties and containers needed to fulfill 1-800-FLOWERS.COM orders according to DRG recipes, you can opt to temporarily suspend your Shop from receiving 1-800-FLOWERS.COM orders until you are able to re-stock the necessary components to fulfill 1-800-FLOWERS.COM orders. (See the BloomLink Utilities Tab for instructions on **HOW-TO Self-Suspend BloomLink**.)

We're here to help! Should you have any questions, please contact BloomNet Customer Service at 1-800-BloomNet (1-800-256-6663), customerservice@bloomnet.net, or via chat at www.bloomnet.net.

Thank you for your dedication as a BloomNet Professional Florist.

Use floral tape to attach 6" floral picks to fairy wings.

STEP 3

Wrap floral tape around bottom of wing and floral pick.

STEP 4

Floral picks can then be inserted into floral foam behind dog or cat. The ribbons on the floral headband can be tied together and applied to the head of the character.

STEP 2

Place 1 carnation slightly higher than the other 2 to form a face.

STEP 3

Add 2 more carnations on the upper sides for the ears to complete the puppy's head.

STEP 4

Place brick of floral foam in basket with liner and layer the salal on bottom, surrounding foam. Place the carnation stems of the puppy's head in the floral foam. Be sure to place dog in center of basket to avoid it being front heavy and tipping forward.

QUALITY AND PERFORMANCE STANDARDS

1-800-Flowers.com® maintains stringent quality and performance standards in order to consistently meet and exceed customer expectations.

In order to receive orders from 1-800-Flowers.com®, it is critical that you familiarize yourself with the key performance metrics below. BloomNet® Members can find their individual Monthly Performance Reports under the “Utilities” tab on BloomLink®. Please familiarize yourself with this useful tool and review your performance metrics against the goals stated in that report on a monthly basis.

Below is a list of the key quality and performance metrics that 1-800-Flowers.com monitors for every fulfilling florist, along with helpful tips for keeping these metrics in-line with expectations:

Number of orders with a reported **Customer Service Inquiry (CSI): less than 1.5%**

There are three specific categories of CSIs monitored:

- 1) *Delivery Issues*, which occur when a customer states that their delivery was not received or was not received on time;
- 2) *Wrong Deliveries*, which occur when a customer states that they received the wrong gift, that their gift is missing one or more components, or that their gift does not resemble what they ordered; and
- 3) *Quality Issues*, which occur when a customer states that the quality (freshness, durability, and/or appearance) of the gift did not meet their expectations.

Real-Time Delivery Confirmations and Delivery Attempt Notifications: 100% on the date of delivery

Today's consumer expects real-time visibility into the status of their order. It is no longer enough to submit Delivery Notifications at the end of a driver's trip because consumers expect to know about their delivery as soon as it is completed or attempted. When you provide us with accurate and timely Delivery Confirmations (DLCs) and/or Delivery Attempt Notifications (DLAs) immediately following the delivery of an order, we are better able to inform a customer about the status of their order. This helps us better manage customer expectations and provide a superior, well-informed level of customer service. As a result, the electronic submission of a delivery notification in real-time often results in reduced CSIs.

It is also important that you do not submit Delivery Notifications prior to completing or attempting to complete a delivery. Delivery notifications trigger an immediate communication from 1-800-Flowers.com to the customer. Therefore, if you submit a false or premature Delivery Notification, you may risk causing confusion for the customer and prompting them to call with a CSI. Note: The purposeful submission of a false or premature Delivery Notification can be grounds for immediate and permanent suspension from receiving 1-800-Flowers.com orders.

Visit the Utilities Section on BloomLink to learn more about the various tools available to your shop to support the submission of Delivery Notifications in real-time and please refer to the document 1-800-FLOWERS.COM Delivery Expectations for additional information.

Number of **Rejected orders: less than 2%**

1-800-Flowers.com expects that fulfilling florists will have adequate stock of the floral and non-floral components required to fulfill its orders to recipe, and that florists service all zip codes in their delivery profile until each day's cutoff time (or up until the florist self-suspends for the day). At the same time, 1-800-Flowers.com recognizes that order rejections are sometimes unavoidable under extenuating circumstances. To help ensure that order rejections do not result in a CSI, if you must reject an order please make sure that you do so in a timely manner so that 1-800-Flowers.com is able to react and place the order with another fulfilling florist before it is too late, and hopefully prevent a CSI from happening and affecting your shop's performance results.

Number of **orders accepted without a Price Change: 100%**

1-800-Flowers.com expects that fulfilling florists will fill every order to value, according to the product description, price and recipe without requiring a Price Change. 1-800-Flowers.com's minimum order is \$24.99; however, average order value is between \$64 and \$68 and all prices include an allowance for delivery.

To help prevent service issues, please be sure to keep 1-800-Flowers.com informed of any problems with the fulfillment of an order by sending INFO Messages on the order via your BloomLink system. Any and all information you provide on a specific order will allow us to better service the customer and should help reduce the amount of performance issues that are recorded against your shop.

If you have any questions regarding Quality and Performance Standards, please do not hesitate to contact your Florist Relations Specialist at 1-866-256-6663.

Note: 1-800-Flowers.com® Quality and Performance Standards are subject to change. Visit the Utilities Section on BloomLink® for the most up to date version of the 1-800-Flowers.com Quality and Performance Standards.

At 1-800-FLOWERS.COM®, we're obsessed with providing a terrific customer experience. We take pride in reassuring our customers that their flowers will arrive in pristine condition, perfectly arranged by expert florists.

We are committed to working with you and your staff to help our mutual customers express and connect with their loved ones near and far.

Today's consumers have higher expectations than ever before when they place an order for delivery. They expect that their flowers will be delivered on time and that they will be informed about the status of their order in a timely manner. As always, our goal is to meet and exceed evolving consumer expectations and support our 100% Smile Guarantee.

To that end, and to assist BloomNet® Professional Florists in fulfilling consumer expectations, the following sections outline Delivery Expectations from florists for the fulfillment of all 1-800-FLOWERS.COM orders.

Product Care

All 1-800-FLOWERS.COM orders must be handled carefully at every stage of fulfillment, including delivery.

To ensure that the quality and shelf life of the arrangements are not compromised, arrangements should always be safely stored and transported in an appropriate temperature-controlled environment and kept protected from adverse weather elements.

Delivery Experience

1-800-FLOWERS.COM orders must always be delivered in clean and clearly identifiable delivery vehicles. Delivery drivers must exhibit professional, courteous behavior and presentation when delivering 1-800-FLOWERS.COM orders.

Real-Time Delivery Notifications

Delivery Notifications must be submitted in real-time, immediately following the successful or attempted delivery of all 1-800-FLOWERS.COM orders.

Today's consumer expects real-time visibility into the status of their order. It is no longer enough to submit Delivery Confirmations (DLCs) and Delivery Attempt Notifications (DLAs) at the end of a driver's trip.

Submitting accurate and timely Delivery Notifications often results in reduced Customer Service Issues (CSIs) which, in turn, often results in reduced order cancellations with the florist. Help us help you! Please be sure to provide as much detail as possible when submitting a Delivery Notification, such as who took possession of the delivery (e.g. intended recipient, front desk, receptionist, etc.)

BloomNet® offers a variety of innovative technology tools to make it quick and easy to submit Delivery Notifications in real-time, including BloomNet®'s Enhanced Delivery Program. Please visit <http://www.bloomnet.net/technology> and the Utilities Section on BloomLink® to learn more about these tools.

In exceptional cases, when a Delivery Notification cannot be submitted in real-time, the following minimum thresholds must be adhered to:

- 100% of Residential deliveries without a specified Delivery Time Window must be electronically confirmed no later than 7:00 pm on the date of delivery.
- 100% of Business and Non-Residential deliveries without a specified Delivery Time Window must be electronically confirmed no later than 5:00 pm on the date of delivery.
- 100% of all deliveries with a specified Delivery Time Window must be delivered within the start and end time of the specified Delivery Time Window and electronically confirmed no later than 1 hour after the end of the specified Delivery Time Window on the date of delivery.
- 100% of Funeral Service deliveries must be electronically confirmed no later than 1 hour after the time of service.

Important Reminder: Do not submit Delivery Notifications prior to completing or attempting to complete a delivery. Delivery Notifications trigger an immediate communication from 1-800-FLOWERS.COM to the customer. Inaccurate or premature Delivery Notification often result in costly CSIs and order cancellations with the florist.

Timely and accurate Delivery Notifications are just one more way to improve quality and positively enhance a customer's experience. Plus, BloomNet Professional Florists receive a credit for all timely received Delivery Confirmations (please refer to the BloomNet Order Referral Program schedule for more information).

Proof of Delivery

BloomNet Professional Florists are expected to obtain Proof of Delivery on all 1-800-FLOWERS.COM orders.

Obtaining Proof of Delivery can safeguard florists from order cancellations when a customer claims that an order was not delivered. 1-800-FLOWERS.COM will rely on fulfilling florists for Proof of Delivery to help resolve order cancellation disputes, whether or not a DLC has been submitted on the order.

Proof of Delivery will be expected to be provided from the fulfilling florist to 1-800-FLOWERS.COM in response to a non-delivery complaint from a customer and/or an order cancellation dispute.

BloomNet Florists using the BloomNet Business Management System's FREE Local Delivery Management App are encouraged to proactively submit Proof of Delivery electronically on every order, thereby reducing the chances of an order cancellation dispute.

Proof of Delivery should be captured in the form of:

- A delivery signature from the recipient
- A delivery photo that captures the product and delivery location in the background

Collecting both forms of Proof of Delivery is preferable to collecting only one. However, please note that collecting delivery signatures is not feasible while "contactless deliveries" are in place and only delivery photos should be obtained under this circumstance.

Funeral Deliveries

As a fulfillment best practice, BloomNet Professional Florists should always contact the funeral home or house of worship to confirm an appropriate delivery time to accommodate the services. In addition, funeral arrangements should be delivered well before the start of the service to ensure that they are in place before the bereaved arrive.
