Workroom Manual

expressions of flowers®

ESSENTIALS

bloom net®

We are delighted to welcome you to the BloomNet Workroom Manual

expressions *of* flowers®- essentials.

This Workroom Manual contains over 700 arrangements for holiday, everyday, roses, plants, tributes, and gift & gourmet to help build your retail sales and wire order volume through out the BloomNet network.

The *expressions of flowers® – essentials* collection was created with you, the traditional retail flower shop in mind, and offers a wide variety of merchandising opportunities for both holidays and everyday occasions. Each arrangement in the *expressions of flowers® – essentials* collection can be recreated with ease to assist your designer and ensure customer satisfaction. What's more, our expert design team utilized the most readily available fresh floral varieties and affordable containers, available through either Napco or your local wholesaler, to support the profitability of all BloomNet Florists!

Recipes & Pricing

Each arrangement contains an accurate color image, specific floral arrangement components and quantities in reference to construction materials needed to assist you in recreating each arrangement with ease. Our Pricing Instructions for calculating Suggested Retail Prices uses industry standards & best practices within each recipe in this Workroom Manual.

Hard Goods

The back section of this Workroom Manual contains a detailed Hard Good Gallery with wholesale product information and the arrangement codes that each container is used to fulfill.

To apply your Napco purchases to your BloomNet Clearinghouse statement, simply email your Napco Order Confirmation to cs@napcoimports.com.

Resources

For your convenience, visit www.bloomlink.com under the Utilities Tab for an electronic version of the following *expressions of flowers® – essentials* tools:

- **Full Workroom Manual and Seasonal Supplements**– containing detailed recipe instructions and hard good details.
- **Product Detail Summary** – a simple to use Excel spreadsheet containing the arrangement product codes, names, dimensions, Suggested Retail Prices (SRP) and website product copy descriptions.
- **Image Gallery** – complete catalog of the *expressions of flowers® – essentials* images to use for your website and marketing campaigns!

Florist Quality Care Booklet

Be sure to review our BloomNet Florist Quality Care Booklet with your staff, which includes standards and guidelines for Sending & Receiving wire orders, as well as useful information for Care & Handling. Please remember to always follow industry "best practices" and recommendations for pricing and care & handling.

From all of us at BloomNet, we hope you enjoy our *expressions of flowers® – essentials* collection and wish you continued success in building your florist to florist business through the BloomNet Network. Should you have any questions, please contact us at 1-800-BloomNet (1-800-256-6663), email us at customerservice@bloomnet.net or chat with a BloomNet Customer Care Specialist at www.bloomnet.net.

Pricing

Our floral industry uses many different pricing formulas to determine suggested retail pricing. The following mark-ups for wholesale fresh flowers, foliage, plants and hard goods were used to determine the retail costs and suggested retail pricing shown in this Workroom Manual:

Hard Goods ..... 2.5x mark-up
Fresh Flowers, Foliage & Plants ..... 3.5x mark-up
Labor ..... 25% mark-up

Each of our members have their own unique overhead, operating, and purchasing costs. Therefore you should determine mark-ups based on formulas that best support your business practices and expected profit margins. The mark-up formula used in this Workroom Manual is just an example of one common method and is to be used only as a guide. Please be sure to include any additional charges (i.e. freight) where applicable.

To compute the grand total for each Workroom Manual recipe, simply follow our easy-to-use worksheet steps provided for you on each arrangement page.

Step A: Retail Hard Good Costs* = Total of all Hard Good Costs x 2.5

Step B: Retail Flower, Foliage & Plant Costs** = Total of all Flower, Foliage, and Plant Costs x 3.5

Step C: Retail Subtotal = Retail Hard Good Costs (A) + Retail Flower, Foliage & Plant Costs (B)

Labor*** = Retail Subtotal (C) x 25%

GRAND TOTAL = Add Retail Subtotal (C) + Labor

Suggested Retail Prices (SRP) shown in this Workbook Manual have been determined by rounding up the arrangement Grand Total amount to the next logical or "consumer friendly" Suggested Retail Price point (i.e. $23.49 would be rounded up to $24.99 SRP). *The Suggested Retail Prices shown are provided as a basic guide only.*

Important Notes

* *Construction Material Costs may vary based on purchasing quantities and specific supplier purchasing requirements. Therefore, the suggested retail prices are provided as a basic guide only.*

** *Flower, Foliage and Plant Costs are affected by seasonal demand and regional weather conditions. Therefore, the suggested retail prices are provided as a basic guide only.*

*** *Labor percentages may vary based on a number of factors such as market demand, skill set/level of experience, etc. The suggested retail prices in this book are determined by adding a labor charge of 25%. Labor charges can often be higher when a greater level of difficulty is required, such as in some wedding or sympathy arrangements.*
